### Your Role as an Employer

#### Employ Students

Provide career-connected learning opportunities such as internships and job shadows

#### Share your Knowledge

Discuss current job skills and knowledge needed for employees in your field

#### Invest in your Community

Demonstrate a leadership role in the community where you conduct business

#### Become a Teacher Resource

Provide work site visits, volunteer as a guest speaker, and provide career mentoring for students

## Spokane Valley Career-Connected Learning Employer

Becoming a career-connected learning employer will allow your company to become a partner with education to improve student performance and increase the pool of skilled and motivated future employees through CTE programs.
